Match the WAR Quote to the person who spoke it:

We shall defend our island, whatever the cost may be, we shall fight on the beaches, we shall fight on the landing grounds, we shall fight in the fields and in the streets, we shall fight in the hills; we shall never surrender.	
War does not determine who is right - only who is left.	
The object of war is not to die for your country but to make the other bastard die for his.	
The cost of freedom is always high- and Americans have always paid it. And one path we shall never choose, and that is the path of surrender or submission.	
It is forbidden to kill; therefore all murderers are punished unless they kill in large numbers and to the sound of trumpets.	
We are going to have peace even if we have to fight for it.
