

Quizmittee Meet 3

Regulations

- UCC made it difficult
- Subcommittee regulations were changed to fulfil demands and UCC is now pleased
 - Will check at UCC meeting

Tickets

- Ryan still needs to make the tickets, like, within the next hour
- Print out a stash, divide them up between clubs and sell them
- Quiz night ticket cash should be stored separately so it doesn't get mixed up with regular club money
 - No dispensing tickets for UCC because that confuses things greatly
- Again, Keep The Money Separate
- Every now and then, gather up the ticket moneys and put them in the same, secure place

Facebook Event

- Is being my by Jono literally at this moment
- Things to include: Doors open at 6, Tickets Prices, Tav regulations
- Facebook is weird so we gotta make a different events for each club so every member of each club gets invited

Poster

- We should put up posters just in Cameron Hall and I the clubs
- Oscar is going to do a shitty MS Paint poster which we're all very excited about

Fresher Tables

- Traditionally freshers are grouped together at a couple of tables
- Clubs should get their fresher reps to organise some fresher tables. They don't need to be club specific, they just need to be full of freshers.

EMP

- Got some feedback and just a bit of revision is required. Taylor is on it.

Action Items

- Taylor to talk to the Tav guy about food and if they need to be paid in advance
- Everyone to
